Re: Furer v. Furer

Dear Mr. Meador:

I am in receipt of your letter of February 21, 2006. I do not understand what you mean by your statement that you are tendering the sum of \$136,500.00 net of the estimated tax. Where is this sum being tendered to, what quarter is the payment for and how are you calculating the amount?

I am also in receipt of your letter relating to the car insurance. It is our understanding that the insurance has been paid through February 10, 2007. It is further our position that pursuant to the Court's orders, matters such as car insurance should be handled in Phase III once we know the Court's decision regarding the Post-Nuptial Agreement and Marital Settlement Agreement. Until the hearing, the car insurance should remain in effect.

Very truly yours,
